

Ambir Technology, Inc.

Leasing Program

Benefits of Leasing

Leasing with Ambir Technology is a way of funding equipment at lower costs to you. This opportunity will allow money to grow for your business as opposed to spending it in one large sum. Your company will be able to make predictable monthly payments, meet your cash flow, and stay within the budget requirements of your company. You will be able to have the most up to date technology, putting you miles ahead of your competitors!

Why should I Lease?

Ambir Technology has partnered with Advantage Leasing. Through this partnership, we are able to provide quick, easy, and cost effective solutions for all of your document capture needs. This enables your business to conserve capital and improve cash flow.

Leasing offers you the ability to finance hardware, software and services in one transaction. The convenience of one stop shopping offers an immediate, affordable way for you to meet your business needs.

Business lease payments are 100% deductible, your business may qualify for certain tax advantages.* (Speak with your Tax Representative)

Your business can achieve the lowest total cost of ownership. The Ambir Technology Leasing Program allows you to make decisions based on your technical and financial needs.

Leasing Program (cont.)

How does it work?

Leasing with Ambir Technology and our partner Advantage Leasing is a simple, easy process. Just follow these simple steps and your business will be on its way to success. Our partner, Advantage Leasing, provides a simple application, same day processing, and most leases are approved the same day.

To begin the leasing process:

- 1) Contact an Ambir Technology Sales Rep to discuss and select the equipment that best meets your business and financial needs.
 - 2) Experiment with cost using the Advantage Leasing "Lease Calculator"
> <http://www.advantageleasing.com/lease-calculator/>
 - 3) Fill out an Advantage Leasing Application
> <https://www.advantageleasing.com/applications/lease-application-online/>

Or if you prefer, you can fill out the application and fax it in to Advantage Leasing at 262-361-3837.
 - 4) Meet with an Advantage Leasing representative via telephone and discuss what leasing option works best for your business.
 - 5) If approved, sign the Commitment Papers issued from Advantage Leasing and send them in.
 - 6) Wait for delivery of your leased product.
-

Leasing Program FAQs

Who can lease?

The leasing program is available to any business or company. It is not available for personal purchases.

How does the program work?

Speak with any Ambir Technology Sales Representative to learn how to start the process.

Can I Lease to own?

Yes, all leases are on Lease to Own terms.

Is there a down payment required?

The program requires the first and last monthly payment along with a \$250 processing fee.

What is the warranty provided for leased products?

All of our leased products come with the standard Ambir Technology Warranty.

Do I return the leased products when the lease is up?

No, the products are yours to keep as the lease is on "Lease to Own" terms.

About our Partner: Advantage Leasing

Advantage Leasing: An Equipment Leasing Company

Advantage is an equipment leasing company that serves businesses throughout the country. Most loans range from \$5,000 to \$100,000. We're a direct lender, not a broker—this means we self-fund and loans stay in-house.

Our founders worked in commercial banking for decades before starting Advantage. Based on this experience they concluded small businesses weren't adequately understood or served by the lending industry. They saw an opportunity to fill this gap. So, with the help of like-minded investors and supportive banks, they started Advantage in 1992. The company has been consistently profitable.

Advantage has lent nearly one-half billion dollars to over 15,000 businesses. Our staff enjoys meeting the individual needs of every customer. Each month we fund up to one hundred loans totaling two million dollars.

As our equipment leasing company has grown so has our capital base, our investor and bank support. Our banks believe small business is our economy's backbone. And they use Advantage as a conduit to help keep it strong.

Most new loans come through equipment manufacturers, distributors, and dealers that use our financing to help their customers buy equipment. About 40% of our loans come from existing or previous borrowers, and a growing number of requests come directly from borrowers, through our website and word of mouth.

Our base of customers and vendors continues to grow. Our team's challenge is to grow with this base while maintaining service and quality. Our goal is to be the best at what we do. We're meeting the challenge and our goal is in sight.
