Saves Time and Effort

We make scanning easy. AmbirScan ADF-gt software provides 9 scan profile buttons.

Introducing the nScan® 960gt

Fast and powerful, the nScan 960gt with AmbirScan ADF-gt software is the ideal professional-grade image capture device for any environment. With a compact footprint, assignable profiles & buttons, scan to most Microsoft programs and the ability to scan insurance and ID cards, the 960gt is precise and accurate, making scanning easy.

Save scans as PDFs, TIFs or JPGs to your local computer or popular Cloud services such as: DropBox, EverNote, Microsoft OneDrive and Google Drive.

Ideal industries:

Healthcare	Insurance	Banking & Finance
Real Estate & Construction	Professional Services & Consulting	Government & Legal

*n*Scan® 960gt

Versatility to do More

The nScan 960gt holds up to 100 pages at a time and can scan 60 pages per minute. Powerful imaging hardware lets you capture double-sided images that are crisp and clean for fast, true-to-life scans. And with the ability to handle insurance and ID cards with ease, the 960gt is the perfect answer to all your scanning needs.

Handles High Volume

Ultrasonic Detection ensures precision scanning. Designed for high volumes, the nScan 960gt can process up to 10,000 pages per day.

Broad Compatibility

The included TWAIN driver ensures compatibility with thousands of software applications and hardware systems.

Assignable Profile & Buttons

AmbirScan ADF-gt starts with nine scanning profile buttons assigned to easily selectable buttons on the scanner. From there you can customize the default scanning profiles, create additional profiles for your specific needs and export scanning profiles to colleagues.

Collapsible document trays ensure the ImageScan Pro 960gt fits on even the most crowded desks.

Every Ambir scanner comes with comprehensive, U.S.-based phone & online chat support.

Out of the box ability to scan crisp clean images, with advanced settings available for the most difficult scan jobs.

Specifications

Scanning Speed

70 ppm/140 ipm (200 dpi, Color/Greyscale/B&W mode, Letter); 60 ppm/120 ipm (300 dpi, Color/Grayscale/B&W mode, Letter)

ADF Capacity

100 sheets (A4/Letter, 70 g/m2 or 18 lb.)
Note: Maximum ADF capacity varies, depending upon paper weight.

Scanning Features

"Batch" Document Scanning.
Combine multiple documents into one large scanning job while still keeping your files separated and organized. Document separation options are available and easy to use with AmbirScan ADF-gt which separates files using blank pages, codes, and other options.

Auto-Name Files.
Uses OCR technology to recognize a keyword and characters to auto-name the file. Ideal for scanning invoices and other documents received by mail as well as quick scan jobs that require fast and easy naming.
