| 25-word description | The nScan 940gt with AmbirScan ADF-gt is the ideal professional-grade image capture device. Scan documents and insurance and ID cards to Microsoft programs and more. |
| 50-word description | Fast and powerful, the nScan 940gt with AmbirScan ADF-gt is the ideal professional-grade image capture device for any environment. With a compact footprint, assignable profiles & buttons, scan to most Microsoft programs and the ability to scan insurance and ID cards, the 940gt is precise and accurate, making scanning easy. |
| Feature Bullet List | <ul style="list-style-type: none"> • Versatility to do More The nScan 940gt holds up to 80 pages at a time and can scan 40 pages per minute. Powerful imaging hardware lets you capture double-sided images that are crisp and clean for fast, true-to-life scans. And with the ability to handle insurance and ID cards with ease, the 940gt is the perfect answer to all your scanning needs. • Handles High Volume Ultrasonic Detection ensures precision scanning. Designed for high volumes, the nScan 940gt can process up to 6,000 pages per day. • Broad Compatibility The included TWAIN driver ensures compatibility with thousands of software applications and hardware systems. • Assignable Profile & Buttons AmbirScan ADF-gt starts with nine scanning profile buttons assigned to easily selectable buttons on the scanner. From there you can customize the default scanning profiles, create additional profiles for your specific needs and export scanning profiles to colleagues. • Complete Solution AmbirScan ADF-gt capture software makes scanning easy. Save scans as PDFs, TIFs or JPGs to your local computer or popular Cloud services such as: DropBox, EverNote, Microsoft OneDrive and Google Drive. |
