25-word description	With an innovative design, the nScan® 700gt for athenahealth is a durable and compact scanner. Included AmbirScan software makes scanning to athenaNet simple and straightforward.
50-word description	With an innovative design and a compact size, the nScan® 700gt for athenahealth is durable and versatile, allowing for productivity wherever you go. Included AmbirScan software makes scanning to athenaNet simple and straightforward while quick scanning through both the front and rear loading sides allows for increased options and flexibility.
Feature Bullet List	• **Double-Sided Direct Scanning** Both sides of documents are easily scanned directly to PDF, searchable PDF, JPG, Word or Excel through enabled auto-scan so both sides of insurance and ID cards as well as patient records are scanned in one go. • **Productive and Flexible** With scanning up to 20 pages per minute (ppm), the 700gt captures high quality images of multi-page documents through the automatic document feeder. Provides front and rear side loading options for card scanning so you can easily and simply scan patient records and insurance and ID cards. • **A Complete Solution** The 700gt includes AmbirScan software, making scanning and finding documents easy. An advanced TWAIN driver enables use with other scanning applications. • **Innovative Design** With an innovative ADF design and compact size, the 700gt is easy to travel with and helps bring productivity and efficiency to any workplace. • **Customize Your Scanning** Included AmbirScan software comes with three preset scan profiles specific to AmbirScan for athenahealth users. These presets make it easy to upload insurance and ID cards and paper documents such as medical records or clinical documents to athenanet. • **Search and Naming Capabilities** AmbirScan offers highly competent search and naming capabilities. Search functionality allows categorization of documents through search by document content and tags while keyword file naming searches scanned documents for automated naming options.
What's in the box?	• Ambir nScan 700gt scanner • USB Cable • AC wall power adapter • USB to AC barrel input cable
